People Energy Transfer (P.E.T.) Day: The idea here is to give our members an opportunity to learn about Permaculture and its practical applications, by working on each other's gardens. It's a fair way to share our energy & time as we help each other move toward a greater level of self-reliance & get to know each other in the process.

What: Compost Pile, Banana Circle, Garden bed rehabilitation

We'll be helping Vanilda to get a section of her garden bed, on the northern side of her property, under control and in a more manageable state. It's a chance to learn more about Permaculture design, retrofitting existing structures and practical things like sheet mulching, compost making, banana circles and Zone IV establishment. There will be plenty to do and loads of fun to be had so don't miss the opportunity to help Vanilda out and learn something for yourself at the same time. Many hands make light work....See you there!

When: Saturday 5th July, 2008 @ 3pm

Where: 61 De Jarlais St, Earlville

Permaculture Cairns is a non-profit community group. Our mission is to implement sustainable design systems throughout the Cairns community & the far north region, through education, communal design projects & the shared individual experience of Permaculture. 12 Month memberships are available on the day at \$20 for a single adult and \$30 for a family. All proceeds from Non-Members go towards funding Permaculture Cairns Inc. If you require further information or need directions on how to get there, please feel free to contact Kym on 0407 243 298 or on Robert 0432 572 872.
